Est. Completion	2028

Thisseos Residences

About This Property

This project stands as a new point of reference in Kallithea, offering a sophisticated collection of 54 modern one-bedroom apartments rising across five levels. Designed for the contemporary urban dweller, the development harmoniously combines functional, refined aesthetics with the strategic advantages of a high-growth location. Positioned on the vibrant Thiseos Avenue, the project honors the area’s rich heritage from its mythological ties to Theseus to its name meaning "beautiful view" by providing a lifestyle that balances the energy of a central commercial district with clear vistas toward both the Acropolis and the Saronic Gulf.

- The development consists of 54 meticulously designed one-bedroom units, optimized for high-quality urban living and functional space management.
- Located on a major commercial artery with wide sidewalks and diverse retail, the project offers seamless access to both the historic center of Athens and the Piraeus Port via major avenues and the National Highway.
- Residents are situated just minutes from the Stavros Niarchos Foundation Cultural Center (SNFCC) and the Faliro Delta, providing world-class access to green spaces, cycling, and outdoor recreation.
- The area is poised for significant appreciation with the planned development of four new Metro stations in Kallithea and the upcoming **Aenao Park**, which will further elevate the local quality of life.
- Ideally positioned to offer the best of both worlds, providing a suburban residential feel with a direct link to the Athenian Riviera and the seaside, particularly appealing during the summer months.
